

Trip H02

Start Ingestion: 15:00

Dosage: 700ug

Played round dealock viscos start 15:05

15:32 no real effect, 1sd too old?

- small effect

- head fluffy

- nothing visual

- finished dealock game 15:45

- feeling bit anxious

- stomach feels heavy

- one more dealock game

15:58 damn wtf

16:07 unruly

16:37 It's hitting strong

- what exactly?

- unruly

- vivid thoughts

16:58: Coach

- guttural machine

17:00

test being

17:29 focus on feeling

37

felt so far away

Open your eyes

everything you love
will be taken

be

blooded

psychological harmony

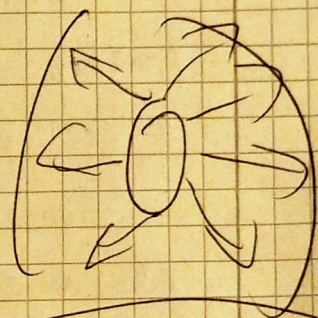

17:45

wegen
war
körper

had
for

Letter warping

its so close, iam itching
we are near it
bit more

warping

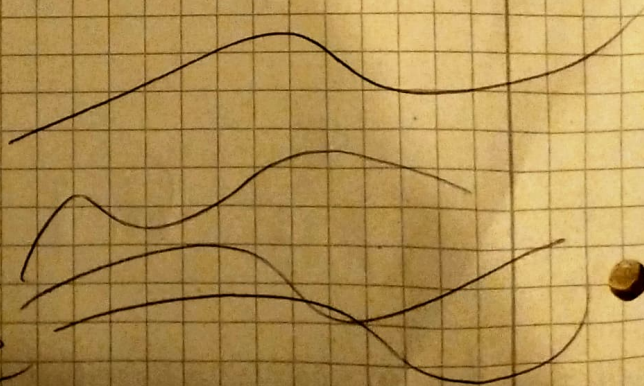

we all
C O L L A P S E

self
annihilation

yearning out of our shell
shift up color

too much
thinking

just diyonish

solid

exp {dgha, i}

no fundament

everything is changing
can there be a foundation?

15:18

In the symmetry

Ichikawa

emitter is warm
